

Fig 5 Proposed Diversion Route.

Proposed alternative would be:-

Marker	Notes
A to E	Section of existing path to be diverted.
A	Beginning of diverted route.
A to B	Route to follow boundary, existing feature wall to be moved to North side of tree providing 3m width for path between fence and tree. Surface to be gravel on compacted hardcore, to match existing drive surface.
B to D	Route to follow red line, no western enclosure proposed, surface to be permanent grass as per existing
C	Fence to be opened to provide 3.2m width for bridlepath
D	Existing Field gate (3m width) to be relocated onto diverted line, furniture adjusted to allow use from horseback.
E	Diverted route re-joins original line.
